Unlocking the American Dream

Dear Valued Customer,

Please read the following.

The Housing Council is committed to providing its customers with the most current and accurate information on the availability of affordable housing in Monroe County. *The Housing Council makes no guarantee to the condition of the available units. Tenant and/or their representative are encouraged to inspect the unit prior to making a commitment to rent it.*

The Housing Council provides two listings to assist you with finding suitable and affordable housing that meet your needs, the Rental Registry and the Affordable Housing List.

The Housing Council Rental Registry list is updated twice a week. The units are categorized by bedroom size.

The Housing Council Affordable Housing List is updated once a year. These properties have income limits. The rent determination is based on the housing provider's federal/state or local funding program. Keep in mind that some properties have more than one funding program resulting in differences in unit rent amount. **Never assume that you will pay only 30% of your income toward housing.** Please call the property community manager directly to inquire about unit availability, waiting list, income qualification, tenant selection criteria, and rent determination.
